## THIS vs. THAT: Why BISSELL and not the competitor?

By choosing BISSELL you will GET:

- Easy to remove water tanks with a measuring cap
- The ability to clean forward and backward
- A handle that adjusts to any height
- A carpet cleaner that uses less water
- EPA Design for the Environment Certified Cleaning Formulas
- A machine that quickly dries your carpets

By choosing the competitor you may GET:

- A dirty water tank that is attached to the machine
- A machine that cleans only in the pull direction
- A handle with no height adjustment
- A machine that might need defoamer
- No sustainable certification

# HURRICONE

Cordless Floor Dryer

Safety cones, floor signs, and barricades are widely used in all types of establishments to warn pedestrians of slipping and falling. Most establishments dutifully mop up wet floor areas even though mopping alone does not sufficiently dry an area where there is continual foot traffic bringing in rain or snow from the outdoors, or where a spill has occurred.

Marking the boundaries of the wet floor area with safety cones or other types of barricades serves to warn pedestrians, but does not aid in alleviating the hazard. For this reason the HURRICONE™ Cordless Floor Drying Cone Dolly was developed.

The HURRICONE™ aids in drying the floor with a continuous flow of air in 360 degrees and up to 15 feet in diameter. While drying the floor, the HURRICONE™ also warns pedestrians of a potential slip hazard using standard 36 inch floor cones.

- A – Safety Cone Holder
- B – Fan Finger Guard
- C – Corrosion, Chemical & Impact Resistant Polymeric Main Base
- D – Battery Level Indicator
- E – Brushless DC Fan
- F – 205" Locking Casters
- G – Sealed Lead Acid Battery Pack

- Dries floors 360 degrees around unit and up to 15 feet in diameter (177 sq. ft.)
- Cordless / Rechargeable - Runs up to 8 hours on a replaceable battery pack
