

V10 Back Pack Vacuum

General Overview

- Top fill large capacity dust collection
- 3 stage filtration with optional 99.97% efficient HEPA filter
- Left or right hand interchangeable operation
- Integral cord restraints and on board tool holders
- 50 foot power cord for greater coverage
- Waist Pad switch for easy ON/OFF operation
- Light-weight, robust construction reduces fatigue

CRI certified

HEPA filter option for critical vacuuming.

V10
Back Pack Vacuum

Key Features

- Elliptical shape reduces foot print for greater maneuverability
- Clear view lens allows you to see fill level
- Snap-fit elbow connection with button release for quick access to hose; The full 360 degree joint rotation reduces operator arm fatigue
- 3 stage IRAM* filtration system with paper and BFT* bags, VFD* or HEPA final filters, provide the ultimate in impedance reduced air flow and filtration
- Padded, contoured E-Frame* with back ventilation provides unsurpassed comfort and ergonomics
- Blockage free, diffused tri-barrier exhaust system, for whisper quite operation
- H1000* high efficiency, extended life motor provides high air flow and suction with unchallenged reliability, providing quantum improvement in productivity

*IRAM = Impedance Reduced Air-Flow Matched

*BFT = Blended Fibre Technology

*VFD = Very Fine Dust

*E-Frame = Ergonomic Frame, with subtle contours for comfortable operation

*H1000 motor = 1000 hour motor life

Green Features

- One button operation
- Quiet operation
- Available in H.E.P.A. (99.97% @ 0.3 microns)
- Ergonomically designed
- CRI certified
