- ◆ Storage Containers/Luggage
- ◆ Kitchens
- ◆ Offices
- ◆ Dressing Rooms
- ◆ Student Dorm Rooms
- ◆ Utility Closets
- ◆ Boats
- ◆ Mobile Homes/Trailers
- ◆ Vehicles...and more!

# EZ-Twist® Refillable Odor Controller

## Exclusive Technology

The disk-shaped EZ-Twist is a deodorizing device that “simply” utilizes a special non-woven fiber element to release an effective neutralizing dry vapor into the air.

The compact unit requires no electricity or batteries—it relies on gentle air movement passing over the neutralizing element to constantly refresh the air. By rotating the cover, output can be precisely adjusted to meet user needs and to prolong product life. Replacement fragrance elements are available in several naturally effective varieties.

The system is especially suitable for vehicles, litter box and pet areas, garbage can spaces, mobile homes and camping trailers, and other small places where economical performance is a major concern.

## Simple

The EZ-Twist is quick and easy to use. To replace the element, just remove the EZ-Twist from the adhesive Velcro strip, snap open, drop in the replacement disk and reattach. Adjust the uniquely designed air vents by twisting to open or close for precisely controlled vapor output.

## Cost Effective

The EZ-Disk fragrance elements provide long-lasting deodorization—30 days or more! EZ-Twist housings and EZ-Disk fragrance elements are sold separately. Available in convenient packages of 12, the plastic bodies and replacement elements are inexpensive to purchase, compact and lightweight to ship, and require little storage space.

## Ecologically Friendly

The compact, durable housings are refillable for extended life. Spill-proof, non-toxic and biodegradable, the EZ-Twist system's fragrance elements are superior to messy gels, cans and bulky sprays. The EZ-Twist system eliminates the potential for dangerous spills and wet spots on floors, and contains no petroleum distillates, inert ingredients or ozone-depleting chemicals.

### SELECTED SPECIFICATIONS

- ◆ #21-7600 EZ-Twist Housing/Ivory
- ◆ #21-7601 EZ-Twist Housing/Black
  
- ◆ #34-7600 Series EZ-Disks
