Great Products - Great Price - Great Service

ONE UP Floor Care Systems have been developed over the years to be the state-of-the-art specialty hard surface floor treatment products available today. Started in the 1980's as the first high speed floor care system under the brand name "Solar System", the product line has evolved into one of the most complete programs available today. ONE UP will cover low speed, high speed, ultra high speed and no machine floor care maintenance. We can create a program that matches your expectations as well as your material and labor budget.

ONE UP Floor Care Products

Developed for conventional and high speed floor maintenance, these formulations are designed to enable the end user to maintain commercial flooring in the most efficient and safest way possible. Seal Shield creates a protective film and builds the proper base. No matter if you have a low or high speed floor machine, or no machine at all, Multi Speed Floor Finish is adaptable to your equipment and maintenance procedures. Rehab and Restorer allow you to clean and burnish large areas with a mop or an auto-scrubber. Maintain that perfect floor with Film Free Neutral Cleaner.

Megatron Ultimate Floor Care System

MEGATRON ULTIMATE FLOOR CARE SYSTEM

Using state-of-the-art mega or "heavy polymer" technology, this floor care system will allow you to achieve the highest level of gloss that you have ever seen, from the first coat to the last, even before it is burnished. Use either Ultratron or Megatron on high visibility, high traffic floors where appearance is key. Mega-Clean, with its aggressive neutral pH, will clean the floor so none of the damaging soils will turn the floor yellow or dingy. Mega-Buffer is the easiest way to clean, polish and rehab any floor in one easy operation. If you ever have to strip, Ultra-Strip is one of the strongest products available on the market today.

MEGATRON FLOOR FINISH

Megatron Floor Finish is designed for high traffic, high visibility floors. Because it dries to such a high level of gloss, you can start with a floor looking its best from the very first coat. Its initial clarity and UV resistance prevent yellowing and premature stripping. For use on vinyl, vinyl asbestos, asphalt tile, rubber, linoleum, terrazzo, etc. When used with the companion ONE UP Floor Care products, 2 year strip cycles are attainable!

MEGA-CLEAN NEUTRAL FLOOR CLEANER

Mega-Clean is formulated to really clean high gloss floors. With a pH just above neutral, it has the alkaline punch to remove soil but not dull the gloss of the finish. In use-dilution, it closely matches the pH of the finish. Mega-Clean is the finest cleaner available for high traffic, high gloss floors. Formulated with a pleasant odor counteractant that leaves a refreshing clean scent in the area after use.

MEGA-STRIP AGGRESSIVE STRIPPER

Mega-Strip ultra powerful, aggressive emulsifying stripper is highly active and fast acting. It has superior stripping efficiency that translates into enormous labor savings. Its low foaming formulation ensures a quick clean-up adding yet another time and cost saver. Rated for 20 plus coats, it is the only stripper to use on 2 year cycles or other difficult stripping operations.

Except for extremely heavy build-up, very little machine agitation is necessary. Simply mop on and wet vac or mop off.

MEGA-BUFF GLOSS RESTORER

Mega-Buffer is a re-moisturizing concentrate and is formulated to allow the burnishing process to repair existing coating. It can be used as a spray buff with high speed or low speed floor machines. It can also be used with an automatic scrubber or finish applicator for a labor saving cleaning and burnishing operation.

Floor Care

ONE UP Floor Care - The Original High Gloss

Multi-Speed Floor Finish - Multi-Speed Floor Finish is designed for high traffic, high visibility floors that require a durable high gloss coating that responds to a variety of floor care techniques and different speed floor machines. It's exceptionally durable and extremely slip resistant. When used with the companion One Up Floor Care products your floors will never look better. For use on vinyl, vinyl asbestos, asphalt tile, rubber, linoleum, tile, etc.

Hypertron - Hypertron® Floor Coating is designed for high traffic, high visibility floors. Because it dries to such a high level of gloss, you can start with a floor looking its best from the very first coat. For use on vinyl, vinyl asbestos, asphalt tile, rubber, linoleum, terrazzo, etc. When used with the companion ONE UP Floor Care products your floors will never look better.

Ultratron - Ultratron Floor Coating is designed for high traffic, high visibility floors. Because it dries to such a high level of gloss, you can start with a floor looking its best from the very first coat. For use on vinyl, vinyl asbestos, asphalt tile, rubber, linoleum, terrazzo, etc. When used with the companion ONE UP Floor Care products your floors will never look better.

Opticon - Opticon® Floor Coating is designed for use on vinyl, vinyl asbestos, asphalt tile, rubber, linoleum, terrazzo, etc. It performs very well in high traffic areas with reduced daily maintenance. When used with the companion ONE UP Floor Care products your floors will never look better.

Seal Shield - Seal Shield Protective Floor Sealer forms a barrier that prevents harmful material from penetrating and permanently damaging the base floor. It is a semi-permanent water clear seal that is guaranteed not to darken with age. Contains no solvents and is therefore ideal for use on resilient floors such as asphalt tile, vinyl asbestos, vinyl, linoleum, rubber, etc.

Products

High Speed Floor Care System

Restorer - Restorer Gloss Refinisher is a unique resurface emulsion concentrate and is formulated to add a layered toughness to the existing coating, and replenish any finish worn away by abrasive foot traffic. It dries to a gloss so buffing need not be accomplished immediately. Buff when dry or the next day. Ideal for application prior to buffing with propane and battery operated machines and electrics.

Rehab - Rehab Universal Floor Restoration Compound is a unique technology designed to restore your floors to their original or better gloss and durability, and makes the floor one of the most slip resistant surfaces in your building. It can be used on any floor finish with any speed floor machine.

Film Free - Film Free Neutral Cleaner is a unique product made especially for maintaining the super high gloss floors possible with the One Up Floor Care program. Formulated at a neutral pH of 7 so as to remove soil without penetrating the finish or affecting its gloss and compounded with completely free rinsing detergents so as not to leave a dulling film or haze. It actually restores the luster of floors that have started to dull.

Do you have stripping jobs that you know will be trouble right from the start? You know if it isn't done right the first time you will have to strip again and spend more of your valuable labor time. Does your staff think more product means stronger?

Re-Emulsifier - Re-Emulsifier Floor Finish Stripper will solubilize finishes to their original liquid state. Stripping is accomplished without the mess and cost of repeat applications.

Through advanced technology this product allows you to let the chemical do the work. Except for extremely heavy buildup very little machine agitation is necessary. Simply mop on and wet vac or mop off.

Specialized Cleaners & Polishes

Specialized Cleaners & Polishes

Lemon Deodorizer - A water soluble lemon scented deodorizer that will neutralize odors associated with a variety of sources. Because it mixes readily with water it can be added to mopping solutions, rug shampoos, etc. When diluted with water it is effective as a space spray wherever odors are a problem.

Furniture Polish - A lemon scented furniture polish for use on fine wood, metal, leather, vinyl and plastic furniture, linoleum desk tops, wood paneling, office equipment, appliances, etc. Leaves a hard, dry, high-gloss, long-lasting protective film. Packaged in non-aerosol containers for additional savings.

Stainless Steel - One easy application cleans, polishes and protects stainless steel, chrome and other decorative metals. Removes stains, smears, spills, finger marks, smudges, etc. Dries to a non-oily, non-smearing, long-lasting protective film.

Protective Coating - Restores leather and vinyl surfaces to new looking condition. Protects against oxidation and dry rot. For manual cleaning, beautifying and extending the life of vinyl, leather and rubber on automobiles, SUVs, trucks, buses, ambulances and other vehicles.

Specifications

Film-Free

Odor.....Sassafras
 Appearance.....Blue liquid
 pH.....7.0 + 0.5
 Specific Gravity.....1.010 + 0.5
 Flash Point.....None

Hypertron®

Odor.....Low
 Appearance.....White liquid
 pH.....8.0 + 0.5
 Specific Gravity.....1.017 +/- 0.5
 Flash Point.....None
 Solids Content.....20%

Mega-Buff

Odor.....Pleasant spring like
 Appearance.....Opaque liquid
 pH.....9.0 + 0.5
 Specific Gravity.....1.030 +/- 0.5
 Av. Coverage.....Min. 10,000 sq. ft. per quart
 Flash Point.....None

Mega-Clean

Odor.....Clear
 Appearance.....Clear, green liquid
 pH.....11.0 +/- 0.5
 pH "in use" dilution.....9.0 +/- 0.5
 Specific Gravity.....1.020 +/- 0.5
 Foaming.....Moderate
 Flash Point.....None
 Biodegradability.....Complete

Mega-Strip

Odor.....Low
 Appearance.....Clear, water blue liquid
 pH.....11.7 +/- 0.5
 Specific Gravity.....0.970 +/- 0.5
 Dilution.....1-1/1-8
 Flash Point.....None

Megatron

Odor.....Low
 Appearance.....White liquid
 pH.....8.5 + 0.5
 Specific Gravity.....1.020 +/- 0.5
 Flash Point.....None
 Non-Volatile.....23%

Multi-Speed

Odor.....Low
 Appearance.....White liquid
 pH.....8.5 +/- 0.5
 Specific Gravity.....1.020 +/- 0.5
 Coverage.....2,000-2,500 sq. ft. per gal.
 Flash Point.....None
 Non-Volatile.....3%

Opticon®

Odor.....Low
 Appearance.....Super white liquid
 pH.....8.0 + 0.5
 Specific Gravity.....1.029 +/- 0.5
 Flash Point.....None
 Solids Content.....23%

Re-Emulsifier

Odor.....Butyl
 Appearance.....Yellow
 pH.....13.0 +/- 0.5
 Specific Gravity.....1.01 +/- 0.5
 Dilution.....1-1/1-3/1-5
 Flash Point.....None

Rehab

Odor.....Pleasant Spring Like
 Appearance.....Clear liquid
 pH.....11.0 + 0.5
 Specific Gravity.....1.030 + 0.5
 Coverage.....Min. 40,000 sq. ft. per quart
 Flash Point.....None

Restorer

Odor.....Extremely Low
 Appearance.....Milky Liquid
 pH.....11.5 +/- 0.5

Seal Shield

Odor.....Low
 Appearance.....White liquid
 pH.....8.5 +/- 0.5
 Specific Gravity.....1.020 +/- 0.5
 Coverage.....2,000-2,500 sq. ft. per gal.
 Flash Point.....None

Ultra-Strip

Odor.....Butyl
 Appearance.....Clear Liquid
 pH.....12.0 +/- 0.5
 Specific Gravity.....0.955
 Density (lbs/gallon).....7.95 +/- 0.05
 Flash Point.....>149°F

Ultratron

Odor.....Low
 Appearance.....White liquid
 pH.....8.5 +/- 0.5
 Specific Gravity.....1.020 +/- 0.5
 Av. Coverage.....2000-2500 sq. ft. per gal.
 Flash Point.....None
 Solids.....25%

Furniture Polish

Appearance.....Viscous, light tan
 Odor.....Lemon
 pH.....7.5+0.5
 Flash Point.....Greater than 100°F
 Specific Gravity.....0.910+0.005
