Truly Great Cleaning Solutions

For Professional Use

Truekleen offers a complete line of commercial grade cleaning products for all of your facility maintenance needs. With over 45 individual products, Truekleen products provide your facility maintenance quality, increased productivity, easy operations and cost-effectiveness. Cleaning does not need to be difficult!

Truekleen & Bullen

Located in Folcroft, PA and doing business in the United States, Canada, Europe, Asia and the Middle East, Bullen has been

providing specialty cleaning products since 1942. We are known for our innovative, ground breaking formulations and labor saving maintenance procedures and products. We have taken our top selling products and branded them under the Truekleen name.

Truekleen is part of the Bullen family of brands. For disinfection and 3 dimensional odor control, use our Airx products. For "green" products, see our e-clean line. For vehicle care, use Road-Off Products. For carpet and our 4th generation encapsulation chemistry, use Clausen Carpet Solutions. For high speed floor maintenance, use One Up and its revolutionary Rehab anti-slip burnishing compound.

Degreasers

(3DB) 3D HEAVY DUTY BUTYL CLEANER – Industrial strength. Plenty of butyl for removing petroleum oils, greases, waxes, etc. pH 13.3

(800) ACTIV 800 SPONTANEOUS EMULSIFIER – Industrial strength. No butyl. Breaks down animal/vegetable oils and greases. pH 13.0

(AC8) ACTIV VIII NON-BUTYL – The original patented non-butyl cleaner/degreaser for all purpose cleaning. Safe on most surfaces. pH 12.5

(DBP) POWER HOUSE DOUBLE POWER DEGREASER – Less alkaline, more solvent than 3D. Less aggressive to painted surfaces. pH 12.5

d-Limonene (orange) based

The addition of d-limonene gives the cleaners extra solvency to break down thick greases and soils.

(ACO) ACTIV O NON-BUTYL DEGREASER – The original ACTIV VIII patented non-butyl formula fortified with natural orange solvent. 5%, pH 12.5

(MMI) MANDARIN MUSCLE – It is basically popular 3-D, plus d-Limonene for added muscle against greasy soil. 3%, pH 13.0

(EMC) MANDARIN POWER – An even more powerful degreaser than Mandarin Muscle with many times more d-Limonene. 50%, pH 10.5

(ODS) MANDARIN MAGIC – 95% d-Limonene emulsified to mix with water for the toughest degreasing jobs.

(SEO) ACTIV 800 ORANGE CLEANER/DEGREASER – Basically ACTIV 800 plus d-Limonene for removal of toughest soil. 1.5%, pH 13.0

Disinfectants

All Bullen Disinfectants are EPA Registered.

(420) SEPTIN/420 – Disinfectant cleaner and deodorizer with higher active content than Kleen 64. 2 oz. per gallon. pH 11.5

(C-1000) C-1000 COLD WATER SANITIZER – A disinfectant, sanitizer and deodorizer, replaces expensive hot water in sanitizing glasses, dishes, silverware, etc. pH 7.0

(KLD) KLEEN 64 – Lemon disinfectant cleaner. Multi-purpose quaternary kills a wide range of hospital type organisms. 2 oz. per gallon. pH 11.0

(POTAB) POTEN ANTIBACTERIAL INDUSTRIAL CLEANER/DEGREASER – Ready to use. Qualifies for blood spill cleanup. Lemon scent. pH 12.5

(PQT) PINE Q – Disinfectant cleaner combining quaternary disinfectants with the clean smell of pine oil for general purpose use. 4% pine oil. pH 7.0

(SDQ) SPEARMINT DISINFECTANT CLEANER – For tough cleaning requiring 4 oz. per gallon of water. Twice the cleaning ability of a 2 oz. per gallon. pH 11.0

Floor Care

Finishes & Sealers

(NCF) NEW CONCEPT FINISH – Advanced polymers with larger particle size gives better gloss and durability than other high solids finishes. 23%

(XSF) 25 GRAND DOUBLE SOLIDS FINISH – One coat equals two of other finishes in gloss and durability. Colorless. Won't yellow. Low maintenance. 25%

(22K) 22 KARAT FINISH – Non-scuff. Doesn't require buffing but responds to buffing. Spray buffs and burnishes to a spectacular gloss. 22%

(C480) DURAPOL FINISH – One of the original Armstrong Cork brands. Still a favorite for schools and heavy traffic areas. 18%

(C490) DIAMOND COAT FINISH – Dries perfectly clear. Worn areas can be spot coated without build-up on surrounding areas. 19%

(C500) DEEP GLOSS FINISH – A high gloss film balanced between scuff resistance and easy restoration by light buffing. 22%

(C50) TITSEAL – Clear acrylic, semi-permanent sealer. Beautifies and restores life to old floors. Improves bonding and gloss of finishes on new floors (indoors only). 16%

(STR) STONYL INDOOR/OUTDOOR SEAL – Seals, protects and beautifies terrazzo, granite, quarry tile, brick, concrete and grout. 18% (indoors only)

Strippers

(REM) HALF THE TIME STRIPPER – Doesn't just soften old finish, this product liquifies it to strip without a machine. pH 13.0

(NTS) NO TIME STRIPPER – Everyone is looking for the best, fastest stripper, this is it. Strips even faster than Half the Time. pH 12.0

(C435) PRO STRIP PROFESSIONAL STRIPPER – A lower cost, highly effective, non-ammoniated stripper for routine jobs. pH 13.5

Maintainers

(SPB) REFLECT SPRAY BUFF – Repairs, cleans and polishes better than cut back finishes and adds slip resistance. Ready to use.

(DRI) DRI-BUFF – A 3" ribbon under a machine cleans, restores and polishes 1,000 sq. ft. of floor.

Cleaners

(CON) CON-SEN ALL PURPOSE CLEANER – A true super concentrate. 1 oz. per gallon of water gives abundant suds and superior cleaning. pH 10.5

(NUC) RINZ FREE – For floors, walls, painted surfaces. Heavily chelated neutral cleaner to prevent a film or redeposition of soil, even when using the hardest water. pH 7.0

(WIN) WINTERINSE – A winter rinse and aid for floors and carpets to remove the film from ice-melt chemicals that deposits at buildings in entranceways and tracks over flooring and carpeting. pH 11.0

(36107B) Perfect-O² – A multi-purpose cleaner with oxygenated peroxide and fortified with high performance solvents and surfactants. This unique blend of oxygen boosted surfactants and cleaners means it will safely clean and degrease the toughest soils. pH 7.5

Washroom

(ACD) ACIDULATED SHOWER CLEANER – Mix 1 to 10 to foam down walls and fixtures. Removes body oils, soap film, rust, etc. 3.5% Phosphoric acid. pH 2.0

(BPC) CLING/510 CHEMICAL CLEANER – Viscous, mild acid cleaner. Clings to vertical surfaces for maximum cleaning. <10% muratic acid. pH 1.5

(OBD) OCEAN BREEZE BATHROOM CLEANER – Non-acid. Cleans, disinfects and deodorizes toilet bowls, basins, tubs. Kills HIV-1. pH 12.0 (EPA registered).

(SFR) SOAP FILM & CALCIUM REMOVER – Non-acid. High concentration of sequestering agents. Rinses away soap film & calcium deposits. pH 12.5

(TIM) TIDY TIM – Phosphoric acid base. For use where an acid is needed but stronger products can be damaging. 20% pH 2.0

(WPL) WHIRLPOOL BOWL & URINAL CLEANER – 25% HCl emulsion. Cleans heavily soiled bowls, urinals & their traps. pH 1.0

(PRZ) PRIZE CREAM CLEANSER – A mildly abrasive, highly effective liquid scouring compound. Contains no acids and will not scratch surfaces.

Transportation

(1PC) PROTECTIVE COATING – A spray or wipe-on treatment that revitalizes and protects tires, gaskets and other rubber and plastic parts. pH 7.0

(TRW) TRUCK WASH & BRIGHTENER – Non-acid, safe to use and the next best thing to hydrofluoric acid for brightening aluminum. pH 14.0

(WNW) VEHICLE WASH N WAX – For washing buses, cars and trucks. Removes road film and dirt. Ask for information on tank wagon bus wash. pH 7.5

Food Processing

(CLG) CLOGBUSTER DRAIN OPENER – Produces enzymes to digest grease and other organic matter. Its unique surfactants accelerate the process. pH 7.0

(DRM) DRAIN MAINTAINER – Contains billions of enzyme producing bacteria that digest organic matter that ordinarily blocks traps and lines. pH 6.5

(FB2) FIREBALL II – The heavier than water caustics go right to blockages in pipes and drains and quickly dissolve them. pH 14.0

(KOK) OVEN CLEANER – Removes sticky grease and baked-on food from cooking equipment, exhaust hoods, etc. pH 14.0

(PRD) PREMIER DISH DETERGENT – Ultra concentrate. Use less and produce more and longer lasting suds while removing greasy soil. pH 7.0

(SGC) FOAM SPRAY – Food process degreaser. Creates a dense, clinging foam to clean equipment in meat and poultry plants. pH 14.0

(ENC) ENZICLEAN – Is a safe enzymatic bacteria-enriched floor cleaner, odor eliminator and organic waste digester with a pleasant scent.

Hand Soaps

(155) COCONUT OIL HAND SOAP – Made exclusively of natural coconut oil for the best lather and deep cleaning, with a pleasant fragrance. pH 10.5

(CAC) CREAMEDIC ANTISEPTIC SOAP – Higher active to clean better. Pure coconut oil for the best lather. Cosmetic grade fragrance with PCMX. pH 10.5

(CIC) INDUSTRIAL CREAMEDIC ANTISEPTIC SOAP – Contains PCMX. Heavy on synthetic detergents. Flat top bottles. pH 9.0

(PHB) PEARLEE LOTION SOAP – A thick blue/white pearled liquid soap. Ideal for spas, fitness centers and other quality facilities. pH 9.5

(PLS) PINK LOTION HANDSOAP – Also exclusively coconut oil, supplemented with lotionizing ingredients for additional luxury. Contains PCMX. pH 9.0

(SEH) SILK ESSENCE LUXURY SOAP – Silky white, pearled lotion type with added emollients to soften the skin. Luxurious lather and fragrance. pH 9.5

(GSG) GREEN SATIN GLOVE – A combination of milled coconut oil soap and Borax, blended to a uniform, non-caking powder, with a pleasant fragrance during and after its use. pH 9.0

Building & Grounds

(1FP) FURNITURE POLISH - An emulsion that cleans and removes soil and old polish. Makes wood, leather, plastic and varnished surfaces look new again. pH 7.5

(1SP) STAINLESS STEEL POLISH - Cleans and polishes leaving an invisible, lustrous & protective film that does not smudge, finger mark or gather dust. pH 6.5

(BVG) BLUE VISION GLASS CLEANER - Ready-to-use to clean glass, windows, showcases, office dividers and appliances, ceramic tile, formica, plastic, etc. pH 7.0

(VGC) NEW VISION CONCENTRATED GLASS CLEANER - An economical concentrate. One quart of New Vision mixed with water makes five gallons. pH 7.0

(FOD) ENZYMATIC DIGESTER - Erases stains and odors from urine and feces. Spray around toilets & urinals. Also maintains drains, grease traps, etc. pH 7.0

(KAR) KARPEX EXTRACTION CLEANER - A combination extraction, bonnet and traffic lane carpet cleaner. Not recommended on wool or stain resistant nylon. pH 13.3

(MR2) MIRACOIL II AIR CONDITIONER COIL CLEANER - Non-acid. Merely spray on and rinse off exterior coils. Removes corrosion, decreases use of electricity. pH 14.0

(MSR) MILDEW UN-DO - Instantly erases the dark, dirty stains and the accompanying odors of mildew. pH 12.5

(POT) POTEN SPRAY & WIPE CLEANER - Ready to use industrial grade for more than household cleaning. Cleans many times faster using less product. pH 12.5

(WIN) WINTERINSE - A winter rinse and aid for floors and carpets to remove the film from ice-melt chemicals that deposits at building entrances and tracks over flooring and carpeting. pH 11.0

(ICC) LIQUID ICE MELT - A fast acting liquid used for ice removal and ice prevention. It leaves no harmful or unsightly film. pH 7.0

(OPM) OLD PHILADELPHIA METAL POLISH - Removes tarnish, cleans and polishes without hard rubbing. For brass, bronze, copper, chrome and other metals. pH 10.0

(TUM) TUMBLEWEED NATURAL - Is a concentrated, non-selective, general use, contact herbicide. It is based on naturally derived citrus acid. pH 2.0

(DEM) DUMPSTER DEMON - A concentrated heavy duty degreaser fortified with surfactants and a proven odor counteractant. Perfect for cleaning dumpsters.

(DEV) - DUMPSTER DEVIL - Biodegradable, carbonized paper absorbs liquid spill and offensive odors. 3 bxs in master case. Now with citronella to help deter insects.

(PCD) PINE CLEANER DEODORIZER - A general purpose deodorizing pine cleaner. Contains 21.5% pine oil. pH 9.0

Values & Core Focus

- 1. Promote Safety**
No bull...It's priority number one!
- 2. Delight the Customer**
Their needs are our focus.
- 3. Maintain Integrity**
Our word is our bond.
- 4. Execute Teamwork**
The best solutions come from working together.
- 5. Practice Good Karma**
Pay it forward.

Solutions that contribute to a healthy,
clean and safe environment.
