

Green Klean

We think *differently* about clean.

Additional Applications other than Disinfecting

When the tablets are added to water, they create a solution of hypochlorous acid (HOCl)

Odor Control for Dumpsters

Add 6 dry tablets after each empty to control odors & pests.

Remove the Stink from Auto Scrubbers

Auto scrubber recovery tanks are generally the biggest cause of foul odors. Always add 1 tablet per 5-gallons of water to control odors & sanitize.

Control Odors in Kitchen Drains

Add 1 tablet to 5-gallons of water.

Use the tablet solution in drains to control odors and sanitize them.

Health inspectors do not welcome a stinky kitchen and generally issue lower health scores accordingly.

Stop the Stink in Mop Buckets

Add 1 tablet to 5-gallons of water.

Stop the Stink!

Add a tablet to each mop bucket

Sanitize the floor

Kills odor causing bacteria

Eliminate Restroom Odors & Sanitize

Add 1 tablet to 5-gallons of water.

Apply to the grout lines, especially around the base of the toilet where the urine accumulates and cause the foul odors.

To clean and deodorize add 1 tablet into a toilet bowl

Food Service Sanitizing

- Third Sink
- Table & Counter surfaces
- Equipment
- Trashcans

Add 1 tablet to 5-gallons of water.

Works in Microfiber Charging Buckets

Use the Chlorinated Tablets with confidence as an effective sanitizer and cleaning strength solution that will not dull high-gloss floor finishes with repeated use.

Add 1 tablet to 5-gallons of water.

EPA # 71847-6-91038

Soft Surface Sanitizing

1 tablet per gallon of water.

Green Klean Tablets are EPA registered as a soft surface sanitizer.

Apply to textiles such as bed linen, patient gowns, privacy curtains

Eliminate the Odor in un-washable Sports Gear

Control odors in sports equipment, smelly equipment rooms, and smelly locker rooms

Sanitize wrestling mats, playgrounds, and buses.

Add 1 tablet to 5-gallons of water.

Facilities Maintenance

Removes mold and mildew stains, and controls algae on statues, sidewalks, fountains and concrete parking markers.

Add 1 tablet to a quart of water.

Part # = GK-CDT6.55

Use in Make Your Own Wipe Kits

Use Chlorinated Disinfecting Tablets as a sanitizer or disinfectant in Make Your Own Wipe Kits.

Add 1 tablet to a quart of water as a disinfectant or 1 tablet per 5-gallons of water for a sanitizer.

Other Uses:

- Food Processing Plants
- Cleans & Disinfects Pet Areas
- Approval by NFS for drinking water
- Egg Washing/Sanitizing
- Hot Tubs
- Emergency Disinfections after Floods

Safety Matters

Replace Hazardous Bleach

Any Bleach application should be replaced with chlorinated disinfecting tablets
