ABOUT US

SmaK Products is a division of SmaK Plastics, Inc. which has been engineering some of the world's top-performing, rotationally molded products since 2007, with higher than 25% growth year over year.

The SmaK Products line of cleaning equipment is scientifically designed for the professional cleaner by a team with over 100 years combined experience, and built with superior durability and strength, ergonomic features, and innovation to wow even the toughest critics.

You're sure to appreciate the impressive power and fierce attention to detail that goes into making each SmaK Products machine and tool.

THE SMAK PRODUCTS ADVANTAGE

Each SmaK Products Inc. Machine & Tool is:

- Made with the highest quality rotationally molded resins and materials to provide a lightweight feel with superior strength
- Backed by a lifetime body & heating element warranty, plus a 2-year parts and labor warranty
- Manufactured in the United States of America
- Supported with industry-leading customer service for life
