

COMPARISON GUIDE

The Vapor Shark®

The Portable Industrial™

Vs.

The Similarities

- Offer a permanent, odor eliminating solution
- Utilize our safe and unique dry vapor technology comprised of natural essential oils
- Intended for delivering a fast, high-intensity treatment solution
- Safe to use in occupied spaces with no special safety equipment necessary
- Both under 18 lbs. for easy portability
- Create no moisture
- Feature durable aluminum housing
- Treat an area's atmosphere, structure, and contents simultaneously
- No ozone or hydroxyl created
- CSA/CUL listed
- Five year limited warranty

The Main Differences

- The Vapor Shark treats up to 50,000 ft³ while the Portable Industrial treats up to 200,000 ft³
- The Vapor Shark uses 1-5 membranes from the #90-0953 Series while the Portable Industrial uses 1-10 membranes from the #90-0926 Series; each Vapor Shark membrane treats 10,000 ft³ while each Portable Industrial membrane treats 20,000 ft³

Both use similar replaceable, nontoxic essential oil membranes. 3X Industrial & S.O.S. recommended. (sold separately)

SAME

SUGGESTED APPLICATIONS
